25.				43818	Pied Piper	Spinnaker 1 ✓

Sample

Notes:

1. Check in boats with check marks to the right. Record finishes in finishing order on left.
2. If you can't read the sail number but know the boat or can describe it, put that in the notes and figure it out once they clear the line, just get the time recorded accurately
3. Record every finisher even if you think they were OCS or otherwise did not start correctly. Make notes at the start if there were concerns, highlight the boat(s), and we will figure it out later.
4. Record the start time of the first division, and if there were any postponements, general recalls, or other anomalies, then record the subsequent starts.
